ABOUT US :

“ We Have been constantly upgrading our Facility and Investing heavily in Plant & Machinery development, quality Control Management and Technology advancement to Supply quality Products of Commercial as well All types Grade and Various Other grades of Casting. Our State-of-art Production facility is capable of Manufacturing large Volume of Products to meet customer’s demands and specifications. Our aim is to maximize our client’s satisfaction by exceeding their expectations.”

“ The management of Mr. Harsh Patel has enabled us to emerge as the proficient name in the industry. His moral business strategy and rich industry knowledge has assisted us to give a firm competition to other market players. We are renowned as a quality alarmed firm and for maintaining this, we take all steps to retain the standards of our products in compliance with the international norms.”

Why work with us.?

- ✔ Casting is most often used for making complex shapes that would be otherwise difficult or uneconomical to make by other methods.**
- ✔ Heavy equipment like machine tool beds, ships' propellers, etc. can be cast easily in the required size, rather than fabricating by joining several small pieces.**
